About

[Watch my latest showreel](#)

Hi, I'm Tom and I work as a Motion Design Director. I'm a creative with over 10 years experience within the design industry. I've worked as an Art Director and Motion Designer specialising in both 2D and 3D animation and motion graphics. I'm passionate about moving image, art direction, design and illustration.

I've had the pleasure of working with some great brands including Microsoft, Huawei, Fujitsu, HP, IKEA, Brooks, Takeda, G+D and Valtech among many others.

Ideas are king, I'm a great thinker, with an eye for creating visionary work, a conceptual artist and thrive when working under pressure in a busy studio. I've worked for leading advertising agencies in London, boutique digital studios and large brand design firms. I'm a flexible creative with a passion for producing moving work.
